Loss of Enrollment Priority

The registration priority specified above shall be lost at the first registration opportunity after a student:

- is placed on academic or progress notice or any combination thereof as defined in BP and AP 4250 titled notice for two consecutive terms; or
- has earned one hundred (100) or more degree-applicable semester units at the District.

For purposes of this section a unit is earned when a student receives a grade of A+, A, A-, B+, B, B-, C+, C, D+, D, D-, or P as defined in AP 4230 titled Grading and Academic Record Symbols. This 100-unit limit does not include units for non-degree applicable English as a Second Language or basic skills courses as defined by the Chief Instructional Officer.

The District shall notify students who are placed on academic or progress notice, of the potential for loss of enrollment priority. The District shall notify the student that a second consecutive term on academic or progress notice will result in the loss of priority registration as long as the student remains on notice.

The District shall notify students who have earned 75 percent or more of the unit limit that enrollment priority will be lost when the student reaches the unit limit.

Appeal of Loss of Enrollment Priority

Students may appeal the loss of enrollment priority when the loss is due to pursuit of a high-unit major or extenuating circumstances. Extenuating circumstances are verified cases of accidents, illnesses, or other circumstances beyond the control of the student, or when a student with a disability applied for, but did not receive a reasonable accommodation in a timely manner. The Chief Student Services Officer or designee will be solely responsible for determining the outcome of the appeal.

The District will ensure that these procedures are detailed on the District's website.

Enrollment Limitations

Enrollment in courses and programs may be limited to students meeting properly established prerequisites and corequisites (See BP and AP 4260 titled Prerequisites and Co-requisites).

Enrollment may be limited due to the following:

- health and safety considerations;
- facility limitations;
- faculty workload;
- availability of qualified instructors;
- funding limitations;
- regional planning;
- legal requirements; and
- contractual requirements.

When enrollment must be limited, priorities for determining who may enroll are: (Title 5 Section 58106)

- in the case of intercollegiate competition, honors courses, or public performance courses, allocating available seats to those students judged most qualified;
- limiting enrollment to any selection procedure expressly authorized by statute;

- limiting enrollment in one or more sections to students enrolled in one or more other courses, provided that a reasonable percentage of all sections of the course do not have such restrictions.
