Oleh's Words of Gratitude

Being honored and extremely grateful is something that can try to explain what I am feeling now. Coming to SBCC, it was intimidating at first but I would like to thank the faculty for making it easier. Not only are they there to instruct, they are there to guide and help and that is something that is unique to Santa Barbara. Here, the instructor is not someone scary, but approachable and kind. I would like to also thank the students and friends, who kept me motivated and pushed me to be the best version of myself. I would like to thank my family and girlfriend, who have kept me afloat and helped me reach my goals. I would also like to thank everyone at SBCC who all work in unison to help make this a perfect college. From the advisors, to cafeteria workers and everyone else in-between, my deepest gratitude for everything that you do not only for me, but for everyone attending SBCC, you guys are amazing.
